

Building Better Tomorrows, Today!

DOES MY HABITAT DONATION REALLY MAKE A DIFFERENCE?

Yes, it does. And you will want to ensure that the time, talent and resources you donate actually stay in your community.

For example, if you wish to support the Habitat projects in the San Fernando and Santa Clarita valleys, you must work directly with our affiliate. We are solely responsible for building in the region which covers all of North Los Angeles City and County. This includes from Mulholland Drive to the northern end of the Antelope Valley, and from the Ventura-Los Angeles County line to Glendale. Separately incorporated affiliates are responsible to raise the funds that build the homes in their communities.

Not surprisingly, one of Habitat's greatest challenges lies in raising money. We rely heavily on foundation grants and donations from corporations, the faith community and individuals.

Our organization was founded in 1990 as an affiliate of Habitat for Humanity (HfH) International. Our affiliate is a locally run, independent 501(c) 3 agency committed to the goals of the Habitat organization.

Helping to build a house in your community is helping a family in need! Here's what your dollars buy:
