

Building Better Tomorrows, Today!

VOLUNTEERS... WE NEED YOU!

Come build affordable homes. Come transform the lives of Habitat families. Come revitalize neighborhoods and communities. Come build leadership and collaboration among volunteer team members.

Come because we can't do these things without you!

A "build" is the core activity of Habitat for Humanity (HfH). It involves the community coming together – volunteering – to literally build a home for a family struggling towards self-sufficiency. HfH families work side-by-side with the surrounding community, investing their own "sweat equity" in their new home.

Volunteers with professional skills are also needed in many aspects of Habitat's program. Particular needs include Family Support Services, Public Relations/Media Relations, and Event Planning/Sponsor Solicitation.
